FIFTY OF THESE CHARMGLOW demonstration trucks will take to the highways soon. Harold Jales, vice president in charge of sales (left) looks on as Larry Ryan, hands the keys to the new truck to Stephen (Foster) Konkovich, manufacturing representative for Charmglow.

## Fleet of Fifty Trucks Starts Charmglow Tour

Walt Kozlowski, of Charmglow Products, is putting Antioch on the map in a literal sense. Ford Pickup trucks, painted in gay colors and equipped with Charmglow Bar-B-Q's and Lamps will soon be seen in all sections of the country. Twelve of the customized pickups have already been delivered. They will soon be going as far west as Salt Lake City, Utah, and as far south as Birmingham, Alabama. "We plan to have around fifty of these units in service all over the nation before the year is out," Kozlowski said.

The trucks are fitted with one 100-lb. LP gas tank. A formica top covers the back of the truck and the bar-b-q and samples of the various outdoor lamps are fitted to this top. All the units are in operating condition and can be used for demonstrations on a minute's notice. Each vehicle is also equipped with sound system and

tape recorder. A microphone in the cab allows the operator to broadcast his message up and down streets, during parades, picnics, fairs or wherever the truck happens to be. Recorded music can also be piped over the sound system via the tape-recorder. The sales promotion is dubbed "Operation 65" by Charmglow personnel.

## Plan New Route For Lake Ave.

The long-rumored re-routing of Lake Avenue at Channel Lake may be started this spring. R. M. Brown, Assistant County Superintendent of Highways, said that start of the work will be affected by the ease or difficulty encountered by the county in securing the right-of-way for the new road.

A definite route for the new road has not been set. Tentatively, however, the following route is favored by the Highway Department: The new road would start angling southwest just south of the bridge near Channel Lake school. It would cross property now occupied by a house on the corner of Sunside Subdivision road, then cross a portion of the Atwood property, and the Al Chase property, cross Chase's Service Station where the station building now stands, and join Route 173 at this point.

Paul Chase at present is moving his cabins and plans to move the gas station slightly east so that it will be on Route 173 when the new road is completed. An alternate route for the road, Brown said, would have left the present Lake Avenue farther south but would mean building the road across a large portion of slough land.

The surveys for the new road have been completed. Lake Avenue south of the school will remain as is but will be a dead-end road, with no direct access to Route 173. This will abolish the present hazardous intersection near the Gifford estate. Engineers believe, Brown said, that the planned road provides the safest entry onto Route 173 possible, with clear vision both ways.

## Rescue Squad Has Quiet Week

The Antioch Rescue Squad enjoyed a relatively quiet week last week. Bob Renner, 32, of 6509 North 51st St., Milwaukee, was taken to the Antioch Clinic by the squad when he fell from a scaffold at Quaker Industries on February 22.

Also on Feb. 22 Ed Chmelinski, 76, of Richmond; Henry Stein, 16, and LeRoy Wrenman, 43, were taken to the clinic after being involved in an automobile accident.

On Feb. 23, Mrs. Dottson was taken to Victory Memorial Hospital after suffering an apparent heart attack.

Dwight H. Wallace, Manager of the Greater Lake Geneva Association of Commerce and Industry, will be the speaker at the Antioch Chamber of Commerce general membership meeting on Monday, March 1. The meeting will be held at Lorenz's Smart Country House, from noon to 1:30 p.m.

Dwight H. Wallace

As a professional manager, he will point out the advisability of the benefits derived from any chamber that works under this type

## Antioch Students Raise Money For March of Dimes

Students of Antioch Township High School raised \$117.91 on Blue Crutch Day (January 30). The money goes to the March of Dimes for their fight against crippling birth defects.

Miss Martha Heindl, school nurse and adult sponsor of the event, announced the result of the fund drive.

Blue Crutch Day, consisting of street sales and lapel pins in the shape of crutches, was especially supported by the Future Nurses Association and the Future Homemakers Association of the high school.

"I don't have to elaborate on the type of news teenagers usually make," said Miss Heindl, "but we can be proud of the teens here in Antioch."

"I feel they were motivated by a sincere desire to be of service to their community. In return, I know the residents are sincerely grateful for the fine job they did."

## Irate Citizen Jailed For Personal Property Tax

"This," said Ray Enzenbacher, Rt. 3, Box 153, Antioch, "is as bad as Russia. I've lost my respect for the law."

Ray's irate reaction came as a result of an afternoon spent in Lake County jail for nonpayment of personal property tax.

It wasn't the jailing that incensed Ray. It was the manner in which it was done.

He had received notices to appear in court for nonpayment of the tax, Ray said, and had consulted with the state's attorney's office on the matter. He firmly believes, he said, that the tax is illegal and unfair. "I have a neighbor with two Cadillacs who never receives a personal property tax bill," he said.

Tuesday morning, February 23, a sheriff's deputy came to Ray's home to arrest him. Ray told the sheriff he would come into the Waukegan courthouse of his own volition that afternoon if the deputy would give him a chance to make some necessary deliveries to customers.

The deputy consented. Ray appeared at the jail as he had promised.

He was promptly thrown into jail. He was not allowed to make a phone call, even to his wife.

"I have a sick two-week-old baby at home," Ray said. "I was supposed to pick up medicine for him on the way home. I was supposed to pick up my son at school. My wife had no car. I was not even allowed to call her."

"I was thrown into jail with rapists and murderers. The man behind me when they booked me was the escaped murderer they just caught."

"They told me that everything closed up at 5 p.m. If I hadn't gotten out by then, they said, I'd be there for the night."

"Lucky for me, when I didn't come home, my wife got on the phone and called Bud Scott, our school principal and an extra policeman at Fox Lake. He called the sheriff's office, and they took me out of court."

"The judge told me to promise to pay the tax or go to jail for 30 days. I've got a family. Otherwise I'd have sat it out."

"I promised to pay. What else could I do? And what would have happened if I hadn't had a friend to go to bat for me, and a wife who thought to call him?"

## Two Slates For Town Elections

By Bernice Bernau

Two full slates of candidates are competing for the offices to be filled in the April 20th elections in the village of Lindenhurst.

The Citizen's Party chose their slate of officers Sunday at a meeting at the B. J. Hooper School.

The Citizen's party slate comprises Admiral R. H. French for president; Mrs. Floyd (Luella) Stanley for clerk; George Gilliland, Donald Tuttle and Mike Gibbs for four-year terms as trustees; and John Gibbons for a two-year term as trustee.

The United Party caucused Sunday at the Civic Center. Their slate includes Dudley Merles for president; Mrs. Raymond (Melissa) Shepler, clerk; Al Hart, Fred Gilson and Robert Bunkelman, four-year terms as trustees; and Richard Pilley, 2-year term as trustee.

According to your Heart Association, heart research has saved many thousands of lives in the past 15 years.

Lucille Rose's legal surname will now be Strauss.

## Remap Proposal Splits Lake Co.

The Democratic-controlled House last week passed a House reapportionment bill that would split Lake County into two districts. The bill now goes to the Republican-dominated Senate.

The Democratic House reapportionment bill would put Benton, Zion, Newport, Waukegan, Shields and Deerfield townships in one district; the balance of Lake County, including Antioch, would make up a district with several McHenry county townships.

A Senate remap bill proposed by the Democrats would split Lake County into three districts. In the proposed bill, one district would comprise Antioch, Lake Villa, Newport, Benton and Zion Townships in Lake County, and all McHenry and DeKalb Counties.

The Republican-controlled Senate has declared its intention of holding up all legislation until Democrats come up with a more acceptable bill.

Earl Eisenhower, the top

Republican vote-getter in the Illinois House in the at-large election last November, predicts that the legislature will fail in its attempt to reapportion the House and Senate.

Eisenhower believes that the "blue ribbon" members of the House will generally vote along party lines on important legislation like reapportionment and revenue reform.

It had been hoped that the blue ribbon members would work together on a non-partisan basis to bring about a compromise settlement of some of the knotty problems facing the Legislature. Because many of the blue ribbon members had declared they would not seek re-election it was hoped that they would place the welfare of the state above party politics.

However, according to Eisenhower, many of these freshmen legislators are taking a liking to Springfield and may want to come back. Therefore, he thinks, most of them will vote on party lines. Eisenhower says that he intends to serve only one term.

Democrat Leo Pfeffer, chairman of the powerful House Executive Committee, believes that the reapportionment disagreement will drag out through the entire session and will be used by both parties as a club in attempting to obtain other important legislation.

## Heart Conference Best Yet, Says H. Brown

Harrison Brown, head of the biology department at Antioch High School, was enthusiastic in his praise of the February 20 conference at Mt. Sinai Hospital on heart and blood vessel research.

The conference is designed to interest students in continuing their studies in biology and research.

"I was amazed at the discoveries that are being made in heart and cancer research," Brown said. "This is the fourth of these conferences I've attended, and I found this one much the most interesting."

The lectures, presented by specialists in various diseases, delivered the lectures in language easily understandable by the layman, Brown said.

The morning was devoted to lectures, the afternoon to

ing devoted to animal research of heart disease and cancer. He was able to observe a hamster infected with a cancerous growth, observed cancerous cells replacing the normal cells of the hamster.

"I wish such a conference could be arranged locally, with local doctors participating in the programs," Mr. Brown said. "I think the public would find it tremendously interesting."

The Chicago Heart Association is one of the sponsors of the conference. Their part in it is financed by contributions to the Heart Fund.

The morning was devoted to lectures, the afternoon to

The concert will start at 15 p.m. in the auditorium of the high school. The band will be under the direction of Joseph Rush.

The featured soloist of the concert will be Steve Henning, doing Alfred Reed's "Seascape," a dramatic solo for Trombone and Band.

Doors open at 7:30 p.m. and tickets will be available at the door.

## New Officers

Mrs. Lillian Golonka was elected president of the Antioch Republican Women's Club at the February 17 meeting of the club at Lorenz's Smart Country House.

Other officers elected were Mrs. Elvira Schumann, 1st vice president; Mrs. Agnes Van Patten, 2nd vice president; Mrs. Kathryn Phillips, treasurer; Mrs. Inogene Case, secretary, and Mrs. Rose Schafer, Sergeant at Arms.

An installation dinner for the Men's and Women's Republican Clubs will be held at Lorenz's on Saturday, March 27. The dinner will be open to the public.

Anyone interested in joining the club may call 395-1872 or 395-0820 for further information.

## Announce Adoption Of Daughter

Mr. and Mrs. L. F. Strauss, Highland Avenue, have announced the legal adoption of Lucille Rose Rybka on February 16.

Lucille Rose's legal surname will now be Strauss.

## GOP Club Votes To Endorse Slate

By Harry H. Stern

A new slate of officers to direct the affairs of the Antioch Township Republican Club was elected Wednesday, February 17 at a meeting at Lorenz's Smart Country House.

Herbert W. Horton was re-elected president for yet another term, while Richard Striblein was picked for 1st vice president; Jim Olson, 2nd vice pres.; Elmer Sherman, treasurer; Harry Weiland, secretary; Ole Mathisen, sergeant-at-arms. Harry Stern was given a sharp, new pencil and re-elected as publicity director.

A new office, Events Secretary, was created as a means of keeping the club informed of important impending functions, well in advance of their deadline, such as filing dates for offices, coming elections, registrations and all other political activities. Helen Burke, Republican Committeewoman, 4th Antioch precinct, was the unanimous choice for the job, in view of her outstanding vote-getting proclivity and political astuteness, as well as being extremely well-informed on matters political.

The new officers will be installed at the Club's Annual Spring Dinner Party, Saturday evening, March 27 at Lorenz's Smart Country House.

Antioch Mayor Murrill Cunningham was present at the meeting and talked to the assembly about his plans for the village for the next four years.

Cunningham and his slate was endorsed by the club, as was the township slate, all Republicans, who are running on the Independent Party ticket. The club deplored their reticence to be identified with the Republican banner, but fully recommended their election as the men most competent for the offices.

Loren D. Sexauer will head the dinner party ticket committee. His main problem will be to satisfy the many requests for tickets which outnumber the available du-rats. Tickets are limited to the capacity of the hall, and always, more persons wish to attend this party than there is room for. It will be a matter of first come, first served, he said.

THE 1965 NORTHWEST SUBURBAN CONFERENCE CHAMPS - left to right, front row: Martin Swedo, Bill Eckert, mrgs. Mike Storbos, Bernie Smith, Vic Rogers, Pat Sheehan, Tyrone Walls, and Mrgs. Bill Brandenburg and Ray Leoper. Back row, Coach Roger

Andrews, Jim Edwards, Bob Schenk, Wally Henning, Mike Kelly, Tom Blackman, Terry Schneider, Bruce Dalgaard, Jim Effinger, Bob Schmitz, Jesse Inman and Bob Yonke, ast. coach.

The conference is designed to interest students in continuing their studies in biology and research.

"I was amazed at the discoveries that are being made in heart and cancer research," Brown said. "This is the fourth of these conferences I've attended, and I found this one much the most interesting."

The lectures, presented by specialists in various diseases, delivered the lectures in language easily understandable by the layman, Brown said. The morning was devoted to lectures, the afternoon to tours.

Mr. Brown toured a build-

ing devoted to animal research of heart disease and cancer. He was able to observe a hamster infected with a cancerous growth, observed cancerous cells replacing the normal cells of the hamster.

"I wish such a conference could be arranged locally, with local doctors participating in the programs," Mr. Brown said. "I think the public would find it tremendously interesting."

The Chicago Heart Association is one of the sponsors of the conference. Their part in it is financed by contributions to the Heart Fund.

## GOP Club Votes To Endorse Slate

By Harry H. Stern

A new slate of officers to direct the affairs of the Antioch Township Republican Club was elected Wednesday, February 17 at a meeting at Lorenz's Smart Country House.

Herbert W. Horton was re-elected president for yet another term, while Richard Striblein was picked for 1st vice president; Jim Olson, 2nd vice pres.; Elmer Sherman, treasurer; Harry Weiland, secretary; Ole Mathisen, sergeant-at-arms. Harry Stern was given a sharp, new pencil and re-slated as publicity director.

A new office, Events Secretary, was created as a means of keeping the club informed of important impending functions, well in advance of their deadline, such as filing dates for offices, coming elections, registrations and all other political activities. Helen Burke, Republican Committeewoman, 4th Antioch precinct, was the unanimous choice for the job, in view of her outstanding vote-getting proclivity and political astuteness, as well as being extremely well-informed on matters political.

The new officers will be installed at the Club's Annual Spring Dinner Party, Saturday evening, March 27 at Lorenz's Smart Country House.

Antioch Mayor Murrill Cunningham was present at the meeting and talked to the assembly about his plans for the village for the next four years.

Cunningham and his slate was endorsed by the club, as was the township slate, all Republicans, who are running on the Independent Party ticket. The club deplored their reticence to be identified with the Republican banner, but fully recommended their election as the men most competent for the offices.

Loren D. Sexauer will head the dinner party ticket committee. His main problem will be to satisfy the many requests for tickets which outnumber the available du-cats. Tickets are limited to the capacity of the hall, and always, more persons wish to attend this party than there is room for. It will be a matter of first come, first served, he said.

### Gun Legislation Hits A Snag

The legislation now being considered in the state legislature requiring that every hand-gun in the state be licensed has produced an outcry from gun collectors and sportsmen that, at least momentarily, halted consideration of the bill.

Everyone would like to see law enforcement officials given as free a hand as possible in preventing crimes. But how effective would this law be?

So far as interfering with the habitual criminal, it would seem to be little help. There is at present a law which prohibits carrying concealed weapons. If it were possible for the police to effectively enforce this law, the criminal wouldn't have much help in dealing with his victims.

Take away the criminal's hand gun and he'll replace it with a knife, a club, a shotgun. He'll steal a gun, or buy one from another criminal. Perhaps gun-running will again become big business.

The proposed law strikes at a right which Americans have always held dear—the right to possess and use firearms. The United States has a great army of law-abiding citizens who own guns and can use them effectively. They could be an effective safeguard against insurrection, invasion or any lawless element that sought to terrorize a community.

Take away an American's right to peaceably own and use firearms without interference from the government and you take the very core of American independence. We predict it will be political suicide for legislators who try to push this law through.

### One-Eyed Monsters Roam The Roads

Sometimes it seems as though every law-making body in the U. S. is busy turning out new laws to combat undesirable conditions, while some old, very excellent laws go practically unenforced.

For example, why isn't the law demanding that every car have at least two headlights enforced a little better? These one-eyed monsters, which roar past in every nocturnal trip, always seem to go a little faster than any other car we pass. And at least fifty percent of the dead lamp cars are on the right side, making it well-nigh impossible for the approaching motorist to know exactly where the car is.

On a recent trip to Waukegan, we counted twenty cars, in the space of just about that many miles, minus headlights on one side.

Now, we concede anyone can lose a headlight while driving and be unaware of it. However, we find it difficult to believe that the great number of illegally-lit cars now on the highways are all rushing to the nearest service station to replace burned-out lamps.

And we know every police department says they're under-manned and overworked. But it shouldn't be too difficult to take time while cruising to note one-eyed cars, stop them, and hand out a ticket.

It would probably be a very good thing if every car had to pass a yearly safety check. In the absence of such a law, why not enforce the laws we do have which are aimed at cutting down accidents?

### K.C. Efforts Add Two Words To Flag Pledge

"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

The Pledge of Allegiance to the Flag of the United States originated on Columbus Day, 1893. At that time it contained no reference to Almighty God.

In 1951, the Board of Directors of the Knights of Columbus adopted a resolution to amend the Pledge as recited at the opening of each of the meetings of the Knights of Columbus by the addition of the words, "under God," after "one nation."

On August 21, 1952, the Supreme Council of the Knights of Columbus adopted a resolution urging that the change be made general and

## Courthouse Notebook

The "blue ballot judicial amendment," that paragon of judicial reform, was designed in part to take the judiciary out of politics, but it seems to have failed in its task to take politics out of the judiciary.

The recent appointment of Circuit Court magistrates by Chief Judge Glenn K. Seidenfeld—has a strong political flavor since most of the new justices are closely identified with county politics.

New Judges Thomas Doran and Eugene T. Daly are former assistant State's Attorneys and have been politically active either as candidates, committeemen or ardent supporters of candidates.

Bernard Juron has been a frequent candidate for judicial office and for the State's Attorney's office and has been active in Republican party councils while Paul C. Kikely is a former county board member and ran for Police Magistrate in Waukegan.

This is not meant as a reflection on their ability or their fitness for the newly created judgeships, but it is hard to escape the feeling that political connections had something to do with their appointments.

The appointment of Daly must have brought a sigh of relief from County Clerk Gar Leaf since the Grayslake attorney had such a good time running against the veteran county official three years ago that he was almost a cinch to enter the County Clerk contest next year.

And Leaf, of course, will be a candidate for re-election barring unforeseen mishaps.

State Rep. William Hartnett, of Grayslake, speaking before the Tavern Owners Assn. of Lake County at Mark Turner's Castle recently, said he was unalterably opposed to any legislation which would legalize wiretapping.

We are inclined to agree with Rep. Hartnett because it represents a dangerous invasion of privacy, an invasion which will be extended despite the greatest vigilance on the part of those people who have a very real fear we have already gone pretty far down the road to a society

require an up-to-date photo on the driver's license as an aid to combatting teen-age drinking.

We would prefer to see the photo and the birthdate added to the Voters Registration card because you can't register until you are 21 years of age, the legal drinking age.

People would be less apt to tamper with a registration card because it involves federal elections.

Such identification would also make it more difficult to vote gravestone registrations, a consideration that makes acceptance of such a proposal extremely remote.

Do we detect a slight annoyance in McHenry County over the possibility of our neighbors to the west being chopped up in a patchwork pattern of overlapping Representative, Senatorial, and Congressional Districts?

They should realize that there is nothing political involved, only a sincere desire on the part of our legislators to make a proper and sensible redistricting.

Joe Harris, the Joe Miller of the keyboard who is drawing piano lovers to the Waukegan Inn, has added an organ to his early evening concerts.

On weekends he heads up a trio for dancing and entertainment, but we still prefer the straight piano efforts.

### Your Congressman Reports...

No one serving in the United States Congress at this time can help but sense a deep concern for the events occurring in Viet Nam. This is not to imply that the Members of Congress have formulated the policies which have brought our nation to the present crisis. On the contrary, many of our U. S. Representatives and Senators have been critical of the Executive Department, including the President, on the ground that American policy in Viet Nam has not been clearly defined.

The State Department and Department of Defense seem at last to have decided that when our civilian and military personnel in South Viet Nam are attacked, we will retaliate with force. However, a more comprehensive policy will have to be stated in order to satisfy the American people and their representatives in the Congress.

It seems clear that the South Viet Namese government and forces are in need of more than U. S. military "advisers." Indeed, if any sustained attacks are to be carried out against North Viet Nam, an increased and fully rounded military force will be required.

Persistent reports have circulated recently of the massing of large Red Chinese ground forces near the North Vietnamese border. It is obvious that we must consider the prospect of intervention by Red China or Soviet ground and air forces. What should be our policy under such circumstances?

Marching pickets in various U. S. cities, the differences of opinion expressed by citizens of the 12th District of Illinois, indeed, the varying views held by the 535 members of the U. S. House and Senate, are convincing proof that a well-defined policy must be adopted behind which the nation and the free world can rally.

Our nation aims to promote freedom in the world, and to demand respect and protection of American life and property wherever we serve. Still, we may question the wisdom of remaining in any area of the world where the local population seems incapable of supporting our efforts and where some even reject our assistance.

The situation in South Viet Nam deserves another long look before it is designated as a gory battleground from which there can be no

## Letters to the Editor

The Editor  
Antioch News  
Antioch, Ill.  
Dear Howard,

Your story on the grade school basketball controversy was fair and accurate reporting. However, I would like to elaborate on several points.

I am not opposed to sports activity or physical fitness; on the contrary, I am very much for them. I am opposed to interscholastic competition at the grade school level. I agree with Mr. Stahmer when he says children have to work off excess energy. I think this can best be done, however, in an active intramural program rather than an interscholastic one.

As I write this letter it is Monday evening, a school night. It is 6 minutes to 7 and my son has not returned as yet from an out of town game. One of the coaches says that one of the reasons the boys are late getting home is that they "fool around in the locker room," but I was at the grade school 5 minutes ago and the buses had not yet returned from Mundelein.

I realize mine is not a popular stand with coaches and many parents. However, I am not too concerned with popularity. I still feel this program is bad; physically, emotionally and scholastically. I think it is more than coincidental that 6 boys selected at random all had lowered grades during the basketball season.

I have always felt the primary purpose of any educational institution is to provide our children with the best education possible. When this goal becomes secondary to any over-emphasized extracurricular program, those children suffer.

Yours very sincerely,  
J. W. Kopriwa, M.D.

withdrawal and in which mankind can achieve no victory. Any who read this piece are urged to give prayerful thought to the South Viet Nam problem—to consider the long range welfare of the free world as it may be determined in this diplomatic and military contest—to consider the consequences of the alternative proposals which may be advanced—and to communicate to me their considered opinions and recommendations.

## ALONG THE WAY with Annie Mae

Just like Pandora's box, it seems that every time I open yo olde typewriter, the heavens open up another dousing of winter white. One consolation though, if March comes in like a lion, it's bound to go out like a lamb! Maybe fleecy white, and frisky, but what makes you think lambs are always docile?

### THE LATEST REPORT:

The showers affectionately administered to Conches Roger Andrews, Bruce Stahmer, Bob Yonke, and our own photog-deluxe, Howard Shepard were the delight of all the basketball fans who remained long enough last Friday nite to watch the chase and significant dunking... Have you ever noticed how many problems are either blamed on "an election year," or postponed until "after election"? ... Mrs. Lily Petty's stamina continues to amaze us, we hear she is attending classes at A.C.H.S. evening school. Kind of makes us feel we need stronger vitamins or something.

NOTES TO YOU: Jerry and Clarence (that's Cookie) Olson are also evening school students in Jackie Horton's art class. Polly Bruhn has decided to abandon her "hunt-and-peck system" of typing, 'cause she is a student in the night school typing class. ... Evidently Dr. Carol Tossey has decided this put-up-take-down business is for the birds, and plans to leave his Xmas lites up the year around. My H.H. thinks he's got something, but wishes he'd thought of it first! ... We see the stork is checking a delivery date at the Kenneth Renfrews'.

THE LAST DROP: Whoever would have thought that Bill Brook, Dick Miller and Jim Carlson would make such wonderful dummies. For those of you who did not attend the Lions Club Ladies Nite last Saturday, a ventriloquist entertainer used the above men in a small skit in his act, and what a group of hams they turned out to be. All kidding aside, fellows, it was a most welcome addition to the evening... An SOS comes forth from the P.M. & L. for one more male to take part in their forthcoming production of "Send Me No Flowers"... say, it seems to me I just heard about three

fellows who do a very good job of acting!

DID YOU HEAR? An optimist is a person who drops a quarter in the collection plate, and expects a five dollar sermon.

Your cockeyed optimist,

# Kimberlee, One of Today's Little Miracles

Kimberlee Klinzing, 18 months old, is the pride of her father and mother, five brothers and sisters — and probably of several doctors, including Dr. James Kopriva and Dr. Alan Thain of Antioch.

Kimberlee is the daughter of Mr. and Mrs. George (Mary Jane) Klinzing, 517 Piper Lane, Fox Lake Hills. She has five older sisters and brothers — Kathy, 11; Karen, 10; Karol, 7; Eddie, 6; and Erik, 3.

The reason Kimberlee's energetic busyness delights so many people is that she probably wouldn't be here if it weren't for the miracle of open heart surgery, one of the giant strides in heart medicine that has been developed through years of research in this field.

For Kimberlee was born

with a hole in one of the valves of her heart. The defect was not suspected at birth, nor was it detected in her monthly checkups, until she was three months old.

At that time, Kimberlee had been started on her shots for immunity, and had developed a cold. Her mother took her to Dr. Kopriva, and he detected a heart murmur.

Dr. Kopriva advised Kimberlee's parents to take her to Dr. Weinberg, a heart specialist. He verified Dr. Kopriva's findings, and anxious months of tests and checking of doctors and hospitals followed.

"I was shocked and surprised when Dr. Kopriva said my baby had a heart murmur," Mrs. Klinzing says. "But I guess I knew there was something wrong. Call it mother's intuition, or may-

be it's because a mother is so close to her baby so constantly that she notices the little things that are wrong. When Kimberlee lay beside me, I could sense her breathing wasn't right. And sometimes she didn't seem to be breathing at all."

"Sometimes her hands or feet would turn blue," Mrs. Klinzing said. "Never her face though."

Dr. Weinberg checked Kimberlee for three months. In that time she never gained more than an ounce or two a month. Between her fifth and sixth months she made no gain in weight at all.

Dr. Weinberg sent the Klinzings to the Illinois Crippled Children's Society. They were sent to the cardiac clinic at Evanston Hospital, where Dr. Bucheler took

over Kimberlee's care. Up to now, the hole in Kimberlee's heart had been suspected, but not verified. X-rays at six months showed that her heart was enlarged, but could not show the hole. Kimberlee was slated for surgery at seven months of age, but Dr. Bucheler was involved in an automobile accident, and a delay resulted.

At 7½ months, the tiny baby entered Presbyterian-St. Luke's Hospital. It was the week after Easter. A week of delicate and often painful tests followed. A tiny device, inserted in a vein with a tube, located the hole in her heart.

It was found that Kimberlee's heart enlargement was caused by the strain on the tiny organ of trying to pump enough blood to overcome the loss caused by the leak. She was scheduled for surgery but it had to be postponed because Kimberlee developed a fever.

On Monday, April 13, Kimberlee went to surgery. Dr. Sell was her surgeon, with Dr. Disal assisting and Dr. Bucheler as medical cardiologist. She was in surgery about three and one half hours.

"I wasn't even nervous when she went into surgery," Mrs. Klinzing says. "We all prayed for her and so did the nuns and children at St. Bede's where my older children go to school. I was sure she'd be all right."

Kimberlee came through the surgery without mishap and spent four days in the intensive care room, with Dr. Disal her constant companion. Her parents were allowed to see her after 72 hours, but only for 30 minutes a day.

The third day, Mrs. Klinzing was allowed to hold her for a few minutes. "What a wonderful feeling that was," she says. "I could never tell you."

Kimberlee weighed 12 pounds at eight months of age. Now, at 18 months, she weighs 20 pounds.

She walked at 11 months. Now she's a typical, intoeverything, energetic baby.

She was taken to St. Luke's Hospital the week before Christmas for cardiac x-rays. They showed the heart disease arrested. Her heart is still enlarged, of course, but there should be no further damage. She is checked once a month by Dr. Kopriva or Dr. Thain, and will be checked annually at the hospital.

"She's small for her age, but as spunky as any baby her age," Mrs. Klinzing says. "She was always a good baby. So patient through all the tests."

"Words couldn't tell how grateful we are to everyone who helped. The doctors, the nurses, the interns—everyone was so good to Kimberlee, and worked so hard to make her well."

A few years ago, the hole in Kimberlee's heart would have meant death within a few months. The miracle of open heart surgery has been perfected through countless hours of work and research—and the spending of a great many dollars to pursue the research. Who can tell how many "hopeless" heart patients will be restored to health and a normal life through the results of research being pursued today?

## Thieves Break Into Lake Villa Store

The Krater Lake Villa Pharmacy was broken into Sunday night, and money and various products stolen.

William Krater, owner of the store, refused to disclose the amount of money taken by the thieves, but said it was all there in the store. In addition, he said, 170 cartons of cigarettes, two cases of Timex watches, wallets, film, and several clocks were taken.

The thieves gained entry to the store by ripping open a back door of heavy gauge steel. It appeared, Krater said, that a wrecking bar had been used, and the thieves pried until they ripped the heavy steel.

The break-in was discovered by Charles Wallenbacher, an employee of the store, when he came to work at 7 a.m. The store had been closed at 8 p.m. Sunday night. The time of the theft was not known, other than it was during the time the store was closed.

Judge Glenn Seidenfeld committed the 19-year-old youth into the custody of the State Mental Health Department. He will be confined until he is declared cured, then will have to face trial for murder.

Dr. Thaddeus Kostrubala said his examination showed Johnson was suffering from

Since the beginning of Moose in 1888, the stride has been to move forward each year.

The second half of the membership drive for Loyal Order of Moose is underway. In taking inventory of your own lodge, the results of same will quickly paint a picture for you.

As the Director General said, "It's the addition that counts, subtraction can only mean failure. As we increase our membership, we can only go one way—up; if we show a decrease, we must go down."

It's not always easy and it's hard work that's involved; but these things are necessary if we intend to reach a goal. Pat Pierce, the little boy in the Nine O'Clock Ceremony picture, can belong to your lodge by signing up new members and helping your lodge fill its quota.

A big year is expected for the Legion of the Moose. In many areas ceremonials have already been held and others are scheduled between now and the June Convention. The new Legion Swimming Pool at Moosheart is scheduled to be completed by the last of July at which time the Physical Education Department of the Child City will begin work on the Super Aquadec to be presented at the pool for the opening of the 78th International Convention to be held in June, 1966.

The officers and appointed officers of the W.O.T.M. will serve a Corned Beef Dinner at the Antioch Moose Lodge, Saturday evening, March 13. The Third District will have a meeting March 6, at the Zion-Benton Lodge.

Gladys Schroeder was pianist for Green Cap night held at the River Grove Lodge last Friday evening.

Pat Christian, chairman of the Homemaking committee, has a treat in store for all who attend this Thursday night at the Antioch Moose Lodge. She is having her money making project and

promises this to be a gala event.

The Legion of Moose will have a ceremonial and also a Memorial Service in memory of departed Legionnaires at the Highland Park Moose Lodge, Sunday, March 28, at 2 p.m.

Governor Ed Petersen, secretary Arthur Anderson, and Mr. and Mrs. Scotty Birdsall attended the Legion breakfast at the Highland Park Moose Lodge Sunday, Feb. 21.

The Moosheart committee will present their chapter night program at the March 4th meeting for the Women of the Moose. Gert Good will give a speech on Moosheart. Margo Hartman, chairman of the Library Committee will have a silent auction.

### Lecture on Art For High School PTA

A slate of officers for next year will be presented by the nominating committee when the Antioch High School PTA meets at 8 p.m. Wednesday, March 3.

A demonstration and lecture, "Painting for Everyone," will be presented by Barbara McGivern. The demonstration will show the beginner how to paint in watercolor.

Miss McGivern has a Wisconsin degree in art with graduate study at the Chicago Art Institute. She has spent 15 years in teaching art to adults, presenting TV series, has done public relations writing and is a free lance artist and designer. She was selected as Wisconsin's Outstanding Woman of the year in 1957.

Refreshments will be served in the cafeteria by Mrs. Allen Tegan and her committee.

### Reagan To Speak At GOP Meeting

The Tri-County Republican Club of Boone, Lake and McHenry counties will sponsor a program at the Deerfield High School auditorium on Friday, March 19, at 8:30 p.m. Featured speaker of the evening will be screen and television star Ronald Reagan. State Treasurer William J. Scott will join Mr. Reagan on the platform.

## Students To Get Late-Bus Service

Antioch High School students who must stay after school hours will still get a bus-ride home after March 8.

The Board of Education decided to try the late-bus service for a six-week period. The late buses will give the students a chance to use the library after regular hours; will provide transportation for students who stay for meetings of various clubs and organizations, those who are serving detentions, or meeting in conferences with teachers, counselors, deans, etc.

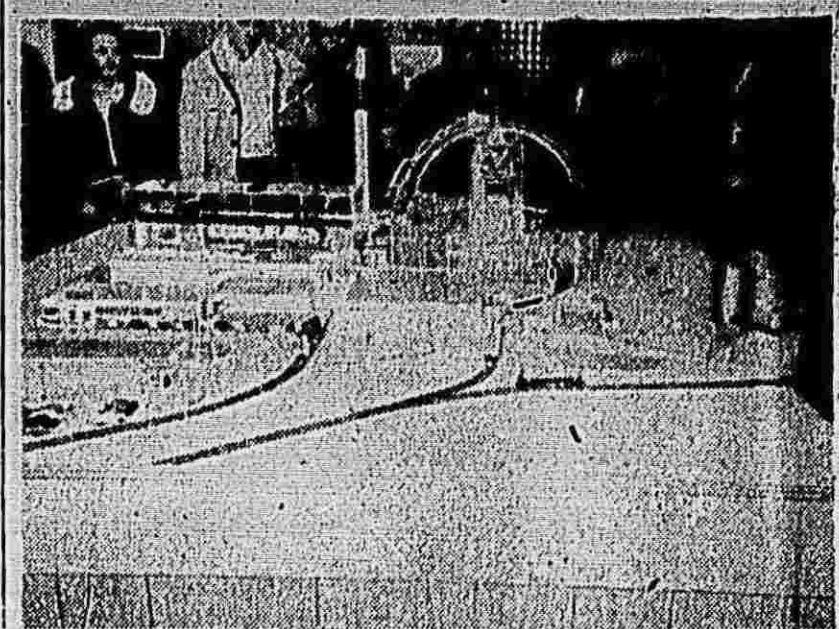

Two buses will leave the high school at 4:30 p.m. One bus will go east, south through Lindenhurst, and

back up through the middle of the district; the other bus will make a similar circle to the west.

Service will not be as complete as on regular runs, but it will take students to within a short distance of their regular stops.

The buses will run on a Monday through Thursday basis. They will not run on Fridays, nor on days when school is dismissed for faculty meetings.

Details to be worked out are the exact stops that will be made and some sort of a pass system to discourage students from leaving the school and then coming back to ride the bus.

### Science Club Tours Dresden Plant

Members of the Science Club at Antioch Community High School recently toured the Dresden Nuclear Power Station south of Chicago.

The trip was arranged by David Serris, president of the Science Club, with the help of William Seemann, Club sponsor.

The students heard about some of the operation of the station from an engineer at the plant. They were shown a film depicting the development of the installation, followed by a complete tour.

Many parts of the plant were restricted because of radiation hazards.

Thirty-seven students made the tour. In addition to Science Club members, some physics students went along as guests.

Other educational trips are being planned by the Science Club.

## 5 Candidates For Antioch High Board

Five persons have taken out petitions for the four vacancies on the Antioch Township High School Board of Education to be filled at the April 10 election.

Petitions have been taken out by Mrs. Helen Kopriva, Robert Lindblad, Victor Schaeffer, Paul Zeien and Dr. Albert Bucar.

First date for filing the petitions was February 24. Last date for filing is March 20.

Three board members are to be elected for three-year terms and one elected to fill a one-year unexpired term. Interested candidates must state on their petition whether they are seeking a three-year term, or the one-year term.

Boyd Osmond has said that he will not run for re-election.

Petitions may be secured from and filed with Board Secretary Robert Prossie, 40 Cedar Ave., Lake Villa, from 6 p.m. to 10 p.m. Monday through Friday and from 10 a.m. to 6 p.m. on Saturday.

### Services For Sun. Christian Science

At Christian Science services this Sunday, the Bible Lesson on "Christ Jesus" will include the promise recorded in Mark (16:17): "And these signs shall follow them that believe: in my name shall they cast out devils; . . . They shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick; and they shall recover."

Also to be considered is a related passage from the Christian Science textbook: "Jesus established in the Christian era the precedent for all Christianity, theology, and healing. Christians are under as direct orders now, as they were then, to be Christ-like, to possess the Christ-spirit, to follow the Christ-example, and to heal the sick as well as the sinning." (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 138).

Antioch Township High School for the third six-week period was inadvertently omitted.

Kenneth White, a senior, is the honor roll student whose name was missed when the list was compiled.

## Men's Clubs In Church To Be Speaker's Subject

Men of the parish of St. Ignatius of Antioch, along with other Episcopal Church groups, have been invited to attend a meeting of the Men's Club of the Church of the Holy Apostles on Monday, March 1 at 8 p.m.

Featured speaker of the evening will be Morton O. Nace, Jr. He will discuss the formation, functioning and purpose of a men's group in the church.

Morton O. Nace, Jr., was elected Executive Director of The Episcopal Churchmen in the Diocese of Chicago on August 1, 1964. In this position Mr. Nace is coordinator of all laymen's work in the diocese.

In June of 1964, Mr. Nace received his B.S. degree in Public Relations from Boston University, where he was selected for the 1964-65 publication of "Who's Who in American Colleges and Universities." During his undergraduate career Mr. Nace was very active in the church sponsored activities at Boston. During this time he and the former Eleanor Hart Moslow were married.

The Executive Director has a heritage in lay work, for he is the son of Morton O. Nace, full-time lay executive for youth and laymen's work in the Diocese of Connecticut, where both he and Mrs. Nace were active in the Connecticut youth and laymen's program.

Mr. Nace, Jr., was born on June 30, 1937 in Tampa, Florida and attended schools in Florida, York, Pa., Wethersfield, Conn., Lenox, Mass., (Episcopal affiliated Lenox Prep School) and Albuquerque, N. M., where he served in the United States Air Force from 1957 to 1961.

This educational and organizational background should prove extremely helpful in Mr. Nace's newly created position.

He has been a life long member of The Episcopal Church, working under the supervision of such notable churchmen as the Rt. Rev. Henry I. Lottitt, D.D., Bishop of Florida; the Rt. Rev. Wilborn C. Campbell, D.D., Bishop of West Virginia; and the Rt. Rev. Walter H. Gray, D.D., Bishop of Connecticut.

This work has been almost entirely in the area of youth and laymen's programs. Mr. Nace and his wife are now communicants of St. Augustine's Church in Wilmette.

## "Vision" Week Proclaimed

"It's a big world . . . with a lot to see and do," will introduce the nationwide theme of the annual "Save Your Vision Week" observance March 7 through 13, 1965.

Officially proclaimed by joint resolution of Congress and by the President of the United States, "Save Your Vision Week" is dedicated to focusing public attention to the significance of good vision to every individual's full success and enjoyment of daily life. The event urges the nation to "Get the Most Out of Life With Good Vision."

During the special seven day observance, sponsored by the Illinois Optometric Association, Americans are called upon to become vitally aware of the need to conserve and protect the irreplaceable gift of vision as it contributes to the well being and happiness of every individual in every occupation, in the home and in the pursuit of educational, cultural and recreational activities.

Dr. Albert A. Bucar, Antioch, president of the Lake County Optometric Society, calls attention to the fact "that one American child out of four—27 per cent of the elementary school youngsters—needs visual care that he is not getting. It is a time for adults to make sure their own children are not among this percentage and that they themselves are not shirking the responsibility of protection and caring for their vision."

## Elderly Get Tax Benefits

Taxpayers 65 years of age and over will find additional tax savings in several provisions of the 1964 Revenue Act. E. C. Coyle, Jr., District Director of the Internal Revenue Service, said these benefits are in addition to the rate reductions that will reduce the tax bills of all taxpayers.

For the elderly, tax savings from the new law are estimated to be over \$600 million a year.

Of benefit particularly to taxpayers 65 years of age or older are these provisions in the 1964 tax law:

1. The minimum standard deduction
2. removal of the one per cent floor on medicine and drug expenses
3. tax free treatment in certain cases for gains from sale of residence.
4. an election increasing the computation base on retirement income credit for certain taxpayers.

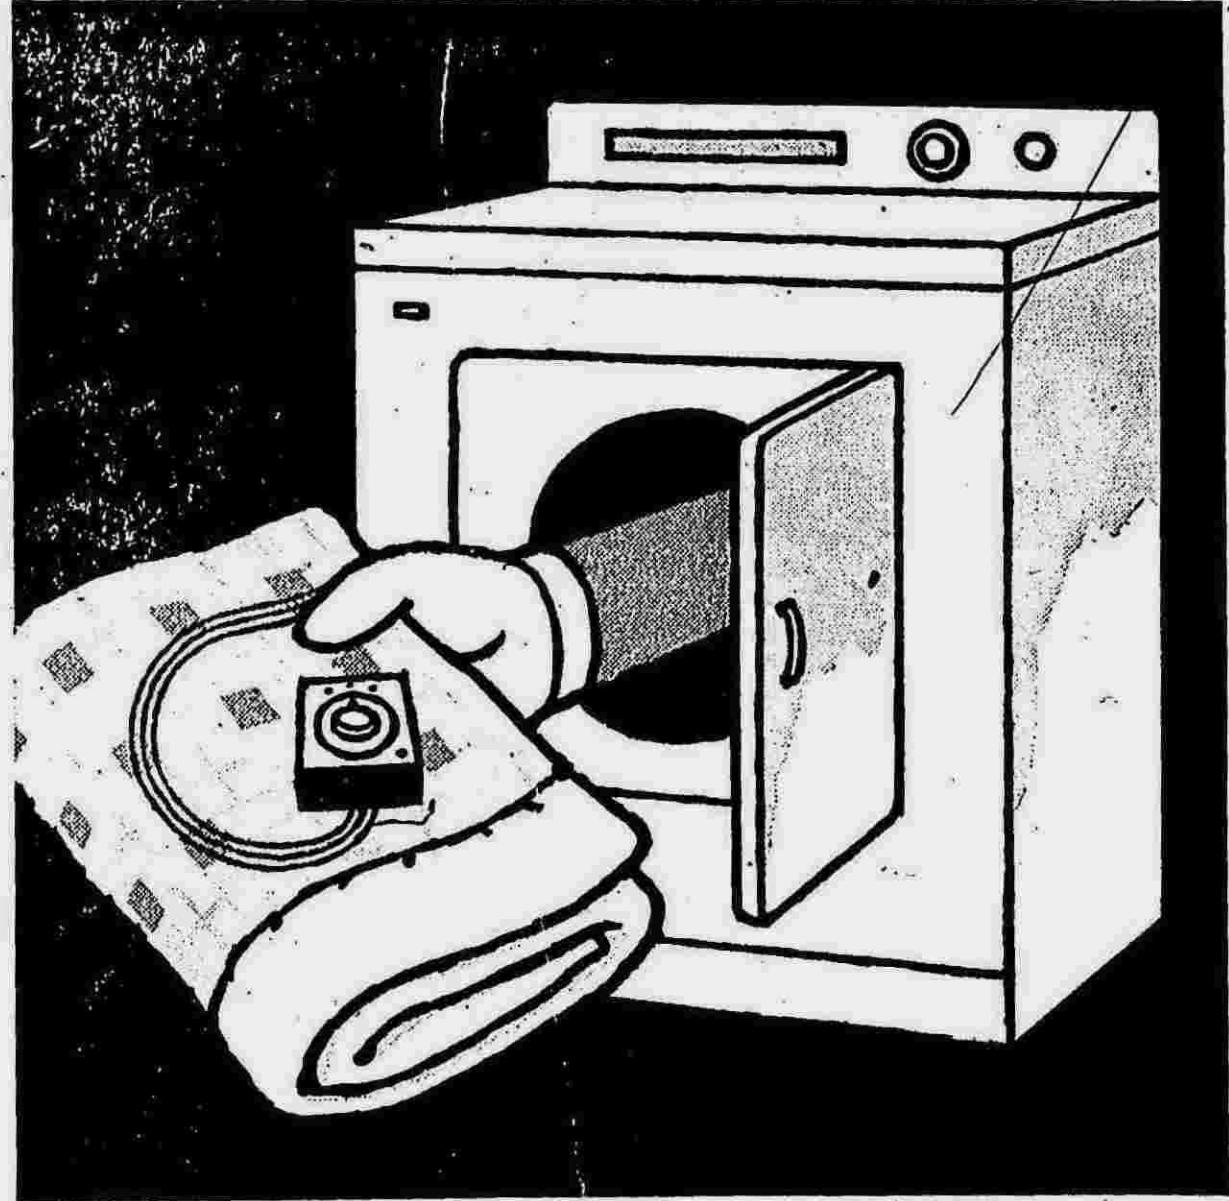

Mr. Coyle said that none of the 11 million older taxpayers previously exempt from filing a return will have to file a return under the new law. Nearly all of the 3.5 million who file returns but pay no tax will continue to have no tax to pay according to Mr. Coyle.

The provisions of the new law will reduce the taxes of virtually all of the 3.4 million people 65 and older who pay federal income taxes. Social Security and railroad retirement benefits continue to be excluded from taxable income under the new law, Mr. Coyle said.

# Sequoits End Season With 12-2 Record

The Antioch Sequoits closed out their regular season last weekend with a double win, getting victories over Wauconda and Zion-Benton. The 64 to 61 win over Wauconda gave the Sequoits a 12 and 2 conference record.

Antioch set a blistering pace throughout the first half against Wauconda, getting 25 points in the first quarter and 28 in the second period to take a commanding 51 to 33 halftime lead.

Wauconda rallied in the third period, closing the gap to six points as they hit the nets for 30 points. The Sequoits hit on 7 of 16 attempts in the period while the Bulldogs were cashing 11 of 18.

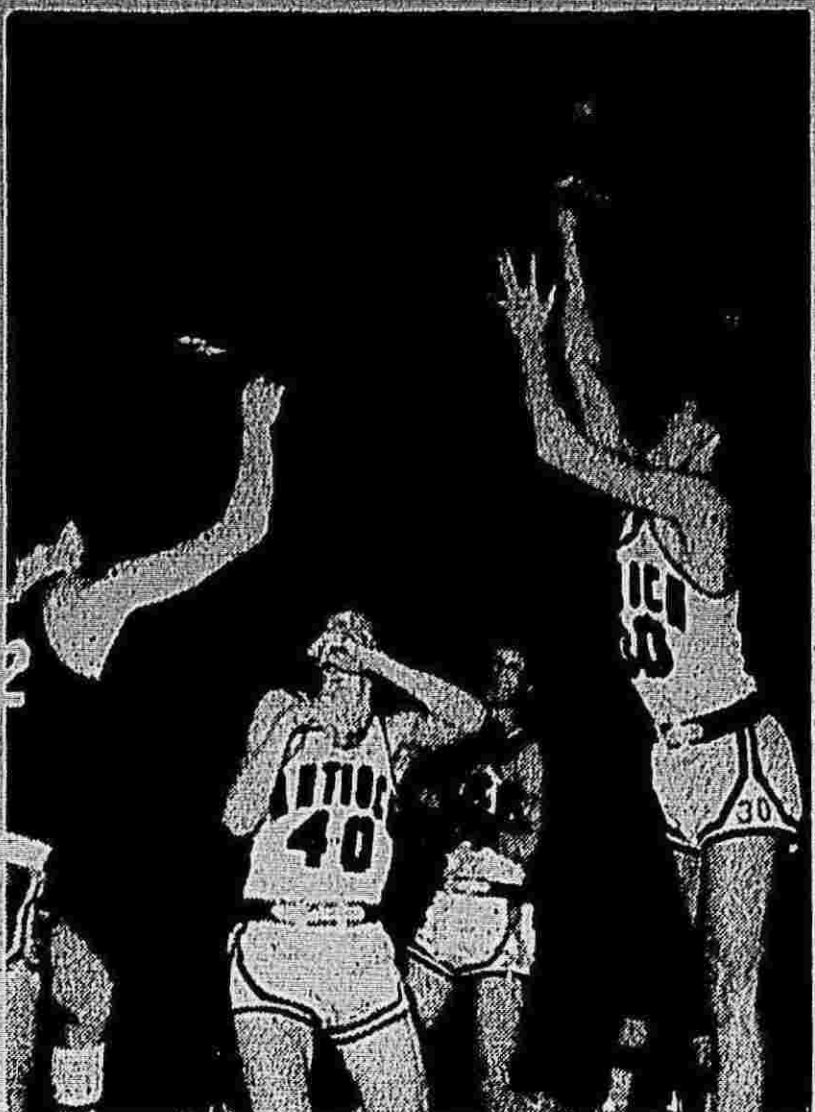

The Sequoits regained their poise in the final stanza, however, and spurred for 25 points to put the game out of reach. The six points at the three quarter mark was the closest the Bulldogs could come.

Saturday night the Sequoits had a see-saw battle with the Zion Zee-Bees until the last four minutes of the fourth quarter, finally pulling away to a 78 to 67 victory at Zion.

Both teams hit well from the field in the first quarter as the Sequoits led at the end of the stanza 25 to 23. They carried the two point margin through the first half and finally pulled away in the last quarter for the 78 to 67 final score.

A big factor in the win was the defensive play of Tom Blackman, who held Zion scoring ace Melvin Smith to two baskets for the night. Blackman also cashed 13 points for himself to add to the 27 points he collected against Wauconda Friday.

Statistically the Sequoits hit 34 of 84 attempts from the field against Wauconda and added 26 of 34 free throws. They out-rebounded the Bulldogs 45 to 26. Tyrone Walls and Bernie Smith did most of the work on the boards, getting 13 and 12 rebounds respectively. Smith followed Blackman in the scoring with 20 points as the

## PRAIRIE CHICKEN LURES PRINCE

Prairie chicken hunting in Illinois, during the mid-1800's must have been hard to beat. In 1865, William Cullen Bryant wrote that Illinois prairie chickens were at times as abundant as fowl in the barnyard and that settlers could kill six in a quarter of an hour. As late as 1880, chicken hunting was good enough to bring the Prince of Wales to Illinois.

Since 1933 there has been no open season on prairie chickens in Illinois. Illinois prairie chickens are now making their last stand in a small number of southeastern counties where, until recent years, much redtop was grown, providing the nesting and brood cover lacking elsewhere.

**Lindenhurst Daisies Hold Achievement Night**  
The Lindenhurst Daisies 4-H Club held their Achievement Night last Thursday at St. Mark Lutheran Church.

The fathers of the girls were invited to view their work, and to have dinner with them. Foods were prepared from the 4-H cook books, and made ready by the girls.

Ronnie Coles was the guest speaker. He spoke about bicycle safety.

There is a village ordinance stating that the bike is a vehicle, and must be ridden like one. You must stop

for stop signs; give arm signals when stopping or turning; give pedestrians the right of way; yield to oncoming traffic; never fool around, don't show off; wear something light in evening; stay in the right hand lane; stay in single file when riding together; walk bike across busy street; it is unlawful for more than one to ride on a bike; always expect the unexpected from a car or truck; don't ride against traffic; ride like a car; and know the signs.

In the spring, the police will start issuing warning tickets to youngsters. These will be sent directly to the homes in the mail. Bicycle safety books are available at the police station.
